BEP 20

BLOCKCHAIN

BEP-20
USDT

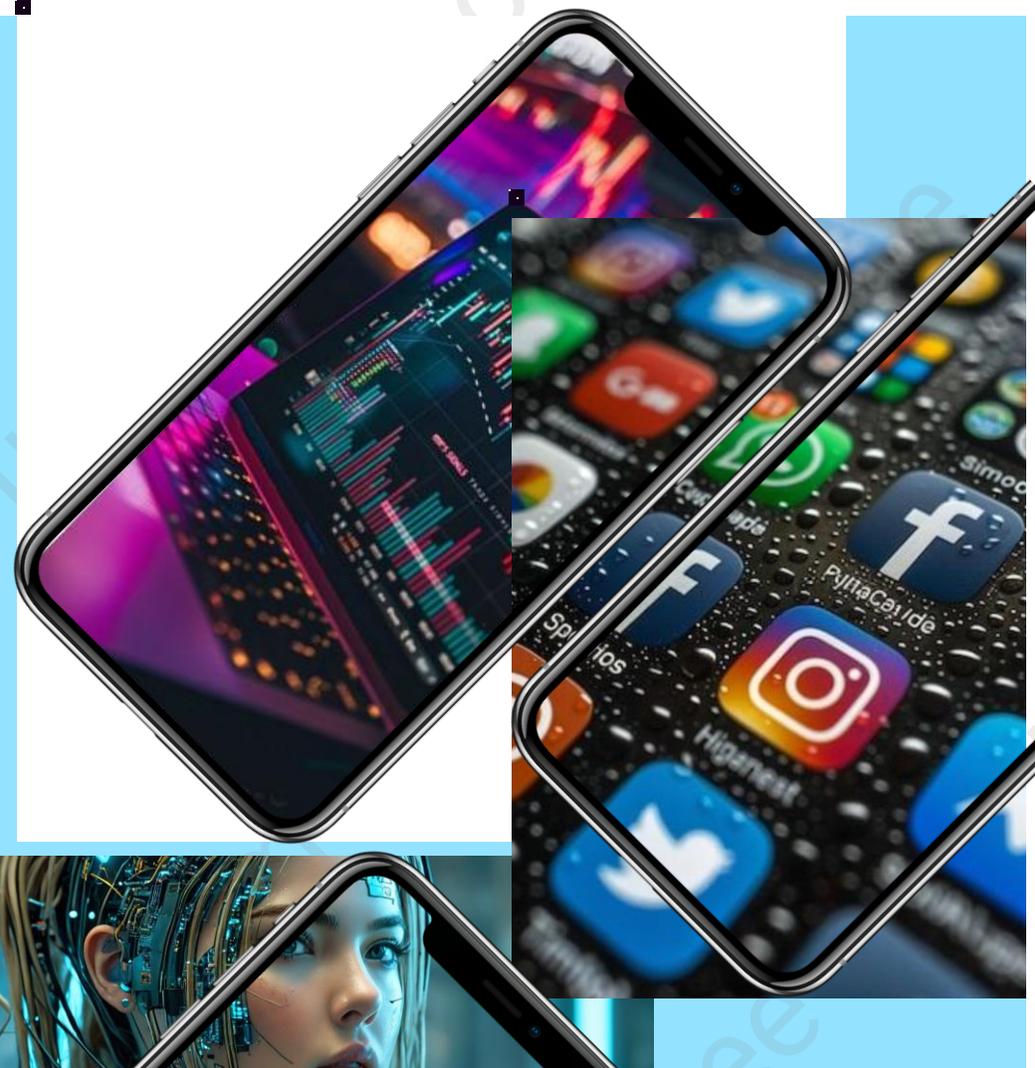

BEP-20 is a token standard on the Binance Smart Chain (BSC), designed to facilitate the creation and management of tokens that can be transferred, stored, and interacted with on the blockchain. Inspired by Ethereum's ERC-20 standard, BEP-20 offers similar functionality but operates on BSC, a faster and more cost-effective blockchain platform.

TECHNOLOGY & TOOLS

At ADD NETWORK we utilize state-of-the-art technology to stay ahead in the digital landscape. Our ad networking platform is powered by advanced algorithms to ensure precise targeting and maximum reach. For crypto trading, we use reliable and secure platforms to track and analyze market trends for optimal investment opportunities.

In social media marketing, we leverage powerful analytics tools to monitor performance and adjust strategies in real-time. Additionally, our video making and animation tools are industry-leading, ensuring high-quality, creative content that drives audience engagement.
